Your Neighborhood Garage Door Repair

Garage door repair · Denton, TX

Your reviews average 5.0 and your website is built well. On Google, your one post is from January 13 and you sit 8th in the Denton map results. On a phone, your site takes 5.6 seconds to show.

YOUR GOOGLE LISTING

A complete profile that has gone quiet.

Category, hours, photos, services and description are all in place. Your one post is from January 13, there is no booking link, and the top Denton listing has more than four times your reviews.

What is holding this grade down: One post since January 13 and no booking link, with fewer than a quarter of the reviews the top Denton listing has.

YOUR WEBSITE

Well built, slow on phones.

The structure is right: one headline, a good page title, a sitemap and structured data. On a phone the main content takes 5.6 seconds to appear, and the page jumps as it loads.

What is holding this grade down: The page jumps as it loads and takes 5.6 seconds to show on a phone.

— GAPS THIS WORKS ON

- ✗ Outside the top 3 on the map in 5 of the 5 searches we ran.
- ✗ Booking link. There is no booking link on the listing.

— WHAT YOU GET

- ✓ Your Google listing corrected wherever this audit found a gap
- ✓ Corrections submitted to your listings on the other directories
- ✓ Question-and-answer work on the listing, and a location page on your site
- ✓ Where you rank, checked before we start, at 30 days and at 60 days
- ✓ A list of work, not a ranking promise

Not covered by this job: Website in regular results, Posts, Layout shift, Mobile load time, Chat button on a phone. Worth a conversation.

Everything we build or correct stays in your name: your website, domain and Google Business Profile. You keep every login.

This is only the part we can see from the outside.

A 20-minute call would show us the rest: how calls come in, what happens after hours, and how jobs get quoted. Mostly we'll ask questions.
