Yours to keep

in your name

Not covered by this job: Structured data; Main headline; Contact form; Posts; Canonical tag. Worth a conversation.

Your website does not need replacing. If you ever want a new website, we build a custom 5-page site for \$1,500. It would replace the site you have now.

Everything we build or correct stays in your name: your Google Business Profile. You keep every login.

This is only what's visible from the outside, looking at your listing and your page the way a new customer would.

A short call would cover the rest: how bookings come in, what happens with a no-show, and which services get asked about most. Mostly we'll ask questions.
