Not covered by this job: Structured data, Contact form, Map or directions, Main headline, Posts. Worth a conversation. Everything we build or correct stays in your name: your Google Business Profile. You keep every login.

This is only what's visible from the outside, looking at your listing and your page the way a new customer would.

A short call would cover the rest: how bookings come in, what happens with a no-show, and which services get asked about most. Mostly we'll ask questions.
