Dove Creek Animal Hospital

Veterinary hospital · 1200 Bent Oaks Ct, Denton, TX 76210

Your 4.7 rating from 226 reviews beats all but one of the five clinics Google groups you with, yet you sit 9th in the map pack for "veterinary Denton" and outside the top 30 of the regular results for the same term. Your Google listing has no description or posts, and your homepage prints eight <h1> tags instead of one.

YOUR GOOGLE LISTING

A strong rating that Google isn't showing off.

4.7 stars across 226 reviews, the profile claimed, with four categories covering general and emergency care. The description is blank, there are no Google Posts, and the listing has no Book Online link, though your own website does.

What is holding this grade down: No business description, no Google Posts, and no booking link on the listing itself.

YOUR WEBSITE

Good bones, buried signal.

The site is secure, mobile-ready, and already carries schema.org markup, with a booking button and a click-to-call number on every page. The homepage prints eight <h1> tags, and its newest article is dated January 2019.

What is holding this grade down: Eight <h1> tags on the homepage competing with the one that should lead it, and content that hasn't meaningfully changed in years.
