Searched from Highland Village, Oct 4. Your phone may show a slightly different order depending on where you're standing.			

We searched from Highland Village, one of the towns your listing names as an area you serve, rather than Lewisville where your shop sits. You're 1st in the map results for a Texas state inspection search and 2nd for the Highland Village auto searches. For oil change and the broader searches you drop to 9th through 13th, and your website shows up organically only once, 17th for an oil change search.
